

Schuylkill County Republican Committee CENTURY CLUB

Dear Friend,

The challenges our party faces now and have faced over the last few years have been well documented. But what have gone largely unnoticed are the successes we have had and the battles we are fighting every day.

Nationally, a new strategy is bringing us closer and closer to victory in Iraq. The Bush tax cuts have kept our economy from sliding into a deep and painful recession.

Locally, Senator Rhoades and Representative Argall are working every day to stop Governor Rendell's massive tax hikes, to eliminate property tax, and serve the people of their districts, and Gary Hornberger is working hard to return control of the house to Republicans, the only way we can stop Rendell. It is clear the voters have responded. In the worst climate for Republicans in a generation Rep. Argall won the primary by a 3 to 1 margin and Sen. Rhoades enjoys unprecedented approval ratings. Still we face challenges like never before from both inside and outside our party. How are we going to succeed? Only with your help!

This letter serves as not only as an invitation to join the Century Club but also an invitation to join us as we continue to fight for those Republican values that unite us.

- Smaller Government
- Lower Taxes
- Family Values
- Right to Bear Arms

Please consider joining the Century Club

In service to our party and nation,

Robert Ames
Chairman, Schuylkill County Republican Committee
